FOR IMMEDIATE RELEASE

## **A Thrilling River Ride aboard Jet Boat Adventures**

WISCONSIN DELLS, Wis. (April 1, 2015) – It’s more thrill ride than boat tour and it’s one of the best ways to cool down during a hot summer day in Wisconsin Dells. Jet Boat Adventures embarks on another summer season beginning in mid-May. The high-powered boats take passengers on a 50-minute wild ride on the water with one goal in mind – get wet!

“You can ride in your street clothes, but bring a towel, because while zipping along with the wind in your face is certainly a thrill, the payoff is the big splash of water when the driver performs a spinout,” said Jason Garbacz, manager of Dells Boat Tours.

With speed and precision, expert pilots take passengers out on the scenic Wisconsin River for a not-so-leisure excursion. The high-performance boats, fueled by up to 1200-horsepower engines, are designed to skim the water with the help of powerful air jets which allow it to travel in water as shallow as 12 inches. The thrill ride focuses on fast speeds, power stops and big sprays. Expert pilots throttle the Jet Boat up to 40 mph and perform spinouts, quick stops and skilled maneuvers that treat passengers to a refreshing splash of water.

“Our experienced pilots know the river well. They serve up quite an adventure and along the way they throw in some interesting facts about the Dells’ famous scenery,” Garbacz said.

Jet Boat Adventures revs up for its summer run beginning on May 16, weather permitting. Tours go full throttle Memorial Day weekend. The 50-passenger boats operate on both the Upper Dells and the Lower Dells. The river is separated by a dam and riders can choose to take just one tour, or get the complete experience and save money by purchasing both tours, which can be taken at the passenger’s leisure. Ticket booths are located at either end of the bridge over the dam where the Jet Boats launch from the boat docks. Prices are \$26.70 for adults (ages 12 and older) and \$13.35 for children ages 4 to 11. Parents are advised that the fast-paced Jet Boat is not permitted for children age 3 and younger.

For those who want to get back out on the river to see the scenery again in real time, Dells Boat Tours offers other more leisurely excursions. Money-saving combination packages are available with Upper Dells or Lower Dells boat cruises as well as with Original Wisconsin Ducks amphibious tours, giving visitors a variety of ways to get on the water to see the scenic sandstone cliffs.

Jet Boat Adventures 2015 season runs May 16 through October 11. Call for departure times during the late spring and early fall. Otherwise, riders are sure to catch a Jet Boat ride every 30 – 45 minutes 10:00 a.m. to 6:00 p.m. during the peak summer season.

The splash-and-dash Jet Boat Adventures are one of several tour options offered by Dells Boats Tours. For over 150 years, Dells Boat Tours have been a mainstay attraction in Wisconsin Dells delighting travelers of all ages. Tours run on a 7½-mile stretch of the Wisconsin River giving vacationers an up-close view of the rocky cliffs that are the signature of Wisconsin Dells.
